FEATURED ARTIST: Jennifer J. Stephens

Jennifer J. Stephens was raised on the island of Maui, and has been inspired to create art since an early age. She attended H.P. Baldwin High School where she began developing her style under the tutelage of instructor Janet Sato in the AP Art Program.

Leaving Hawaii after high school for travels in the U.S. mainland and Europe, she broadened her interests in photography, mixed media and assemblage. She has since created many works in paint, photography, found object and digital media that capture her unique and whimsical perspective. Her work has been displayed in galleries on Maui and the U.S. mainland.

In 2007, Jennifer opened her graphic design studio Unique Art Hawaii, and more recently in 2012 she founded CRE8 Magazine, a publication devoted to art and creativity. Jennifer currently resides in Kihei, Hawaii with her husband and assorted critters.

MAUI ARTS & CULTURAL CENTER

The Maui Arts & Cultural Center is a gathering place where people can celebrate creativity in personal and shared experiences of the performing and visual arts. We serve the community through Hawaiian cultural programming, and educational opportunities for all ages, encouraging participation and exchange.

Congratulations to this year’s selected artists, and to the Art Maui board of directors for their continued efforts to organize this annual exhibit.

The Maui Arts & Cultural Center is a 501(c)3 non-profit corporation. Please visit our website mauiarts.org to learn more about MACC and the benefits of membership.

JUROR’S STATEMENT

My work in the arts comes from a place of stepping into the client’s shoes to create collections that realize the vision they express to me. While I bring my years of experience and ever expanding awareness of the wealth of work created on these islands to the table, my role is usually to select the work most appropriate for spaces created by a wide variety of designers, architects, developers and others in the design world. I have to be able to “step inside their minds,” to enrich their spaces with the artwork that fulfills their goals.

“When I jury a show, I have the opportunity to select work that speaks to me personally. This is a treat and a huge responsibility and I relish and honor the invitation. I am anxious to see what the result will be.”

JUROR’S BIO

Lauren has lived in Hawaii since the age of 4, and grew up with an appreciation for the wealth of creative talent here. Soon after graduating from UH in Art History, she began
work in interior design. At The Fine Art Associates, she soon realized that she’d rather be working entirely with the art, as it made the biggest impact on the space and the process of educating and guiding clients in creating their collections give her a great deal of satisfaction. She began working with the team of Greg Northrop, Pat Hammon and Patti Chong at The Fine Art Associates in the late 80’s and took over as owner/art consultant in 2008.

She is a member of and has served on the board of the Honolulu Printmakers, is a member of Hawaii Craftsmen, and has juried several shows in Honolulu and the outer islands. She is also a current member of the rotating jury for the State Foundation on Culture and the Arts.

When she’s not working in her office with her dogs at her feet, or visiting artists and clients, she tries to be on the ocean. She says, “I am a paddling addict, both 6-man canoes and OC-1s. It’s where I leave the stress of my days and often where I find inspiration for new projects.”
